PROFILE

Passionate and skilled musician with deep-rooted training in Indian classical vocals and multi-instrument performance including piano, keyboard, harmonium, and drums. Seeking a music tutor role to inspire students through a blend of traditional techniques and modern music production tools like Ableton Live, Logic Pro, Cubase, and GarageBand.

TECHNICAL SKILLS

Genres & Training: Indian Classical (Vocals, Ragas, Thaats), Fusion

Instruments: Piano, Harmonium, Keyboard, Percussion

DAWs & Tools: Ableton Live, Logic Pro X, Cubase, GarageBand, FL Studio

Music Production: MIDI editing, beat programming, mixing and mastering

PROFESSIONAL EXPERIENCE

Audio Engineer
Live Sound Operator

Gujarat, India
Aug 2025 – Present

- Operate the Behringer X32 digital mixer for live sound reinforcement during satsangs, bhajan sabhas, and large-scale spiritual events
- Manage multiple vocal and instrument channels, applying EQ, compression, and reverb for balanced devotional sound
- Coordinate with singers, percussionists, and speakers to ensure high-quality audio during live and streamed sessions
- Support technical setup, including microphone placement, monitor mixes, and live recording for archiving purposes

Keyboard Player
Devotional & Band Performances

New Jersey
Aug 2025 – Present

- Perform regularly with a devotional band affiliated with the Swaminarayan sect, supporting bhajans, kirtans, and cultural events
- Play with a contemporary music group as a keyboardist, contributing to fusion and semi-classical arrangements
- Adapt playing styles across genres, ensuring smooth transitions between Indian classical motifs and modern chord progressions
