Description

An Intelligent Integrated collaborative ecosystem connecting to skill learning stakeholder

The Learning Management System is learning, education and training system that are supported by technology infrastructure for intellignet tutoring purpose.
Training consists of online/offiline/hybrid for students/corporate/institutions and 3rd party individuals.

AppsTek Learning Platform will establish the infrastructure for supporting the technology based, distance learning process in an easy to use pedagogically correct and cost-effective manner

Roles & Responsibilities

As a Lead Designer I will assign the work to team mates with priority wise and communicate with team and help them to fix all the tasks with out errors. And I will prepare the demo things mean while.
Few of my things on daily basis :

- Connect & Fix the errors with team
- Role based dashboards
- User experience interactions for all dashboards
- Mobile dashboard designs
- User testing
- Design testing

Project : UPRAiZAL

Client : **DEFTeam** (Product)

Team Size :   20

Role: UI/UX Designer

Description:

Organization's most valuable asset are it's people (HUMAN CAPITAL), yet they remain unsatisfied due to reviews based on the tendency to stereotype or judging by the recent behavior of employees. UPRAiZAL helps organizations to eliminate such distortions in performance assessments with the means of ongoing multi-level task based performance assessments

Responsibilities:

Managing and creating design wire frames.

Preparing rough drafts of material based on an agreed brief.

Reviewing final layouts and suggesting improvements if required.

Preparing mock-up's from final wire frames.

Project : Linfox

Client   : **Linfox**

Team Size :   10

Role :   UI Designer

Description :

Linfox is Australia's largest privately owned logistics company that is rapidly expanding throughout Asia and New Zealand. Linfox is owned by an iconic Australian family however more than two-thirds of our growing team is based in Asia. We work with the world's largest natural resources company, the world's two largest consumer goods companies and one of the world's largest retailers.

Responsibilities:

Managing client proposals from typesetting through to design wireframes.

Preparing rough drafts of material based on an agreed brief.

Reviewing final layouts and suggesting improvements if required
